## FEATURES

### 136 Online shopping

We take a *Tomorrow's World*-type sneak peak to find out what the future holds for online shopping, where customisation will put the buyer firmly in control

### 144 Teenage kicks

Kids these days, eh! If they're not glued to their PCs cracking so-called unbreakable codes, then they're challenging big business to a cyber-fight – and winning.

### 152 WAP

As web-enabled mobile phones finally hit the UK, we profile what the technology has to offer, and offer a step-by-step guide to setting up your very own WAP pages

### 159 Olfactory work

Devices with a sense of smell are under development and could become essential for every household

### 198 READER SURVEY

We want to know what you think so we can make *PCW* an even better read! Let us know by filling in our reader survey and you could be the lucky winner of a Time Computer worth £1,500.
