COMPETITION

450 WIN A CREATIVE LABS DVD BUNDLE
To mark this month's first ever DVD cover disc and our DVD-ROM drives group test, four lucky *PCW* readers will win a fantastic DVD-ROM drive and surround sound speaker system from Creative Labs

FEATURES

140 PAST MASTERS
Pining for the past? Gordon Laing has some advice on how to use emulators to turn your Pentium PC into a ZX Spectrum

148 LOAN RANGERS
For a small business, buying IT outright could be a major outlay, but there are other options, as James Taylor explains

154 WORKSHOP: PRIVACY ON THE INTERNET
Nigel Whitfield explains how to cover your tracks and practise safe surfing

163 THE WRITE STUFF
The pen enters the 21st Century

164 WORKING TOGETHER
What have ants and IT in common?

NEWS

27 PSION SURPRISE
Handheld maker springs radio surprise; and the latest on unmetered and broadband access

COVER DISC

14 PAGEPLUS 4 AND AUTOSTREET
This month's CD has full versions of PagePlus 4, DrawPlus 2 and AutoStreet 2000 Lite

NEW! DVD-ROM COVER DISC
If you've picked up our first ever DVD issue check out page 22 to find out how much extra we've packed onto the disc. Each month only a limited number of issues will carry a DVD-ROM, so turn to page 10 for details of how to subscribe or buy the DVD-ROM separately
