Acrobat uses special compression technology so that we can squeeze nearly 5,000 editorial pages onto a single CD-ROM. All articles appear on-screen exactly as they were originally presented in the magazine. You can print out articles, browse through past issues, or search by subject or keyword in seconds. In Browse mode, you can choose which year you want to search: look through the contents page of the issue you want to browse and click on any article to go straight to that page. In Search mode, you just enter the words for which you want to search.
